

REMARKS

Applicants have amended the specification to reflect the correct filing date of U.S. Serial No. 07/723,617, and to reflect the correct U.S. Patent No. 5,770,197 that issued from U.S. Serial No. 08/008,898. No new matter has been added. It is respectfully requested that this amendment be considered and entered prior to issuance of a patent corresponding to the present application.

Although it is believed no additional fee is due, the Commissioner is hereby authorized to charge any deficiency or credit any overpayment associated with the filing of this correspondence to Deposit Account Number 19-3880.

Respectfully submitted,
